

## Bolsa Nordic 2024 Final Results

Position	Lead Applicant	Participating Institutions	Title	Grade (0-5,5)	Result
1	Jade Müller Carneiro	University of Coimbra and University of Southern Denmark	Supporting Sustainable Wastewater Nutrient Recovery through Prospective Life Cycle Assessment	5,3	Approved
2	Ana Isabel Caniço Neto	INESC-ID University of Lisbon, Instituto Superior Técnico and KTH Royal Institute of Technology	Real-Time Inclusion Metrics based on children conversations	5,2	Approved
3	Cátia Gil	NOVA School of Science and Technology and Chalmers University of Technology	Innovative antimicrobial hydrogels for wound dressings materials based on bacterial cellulose and rhamnolipids	5,0	Reserve
4	Daniela Fernanda Pereira De Vasconcelos	i3S - Instituto de Investigação e Inovação em Saúde and Department of Biotechnology and Nanomedicine, SINTEF Industry - Norway	PENGUIN - deciPhEriNG the neuro-immune interplay on excessive mechanical load-indUced cartilage degeneratiON	4,9	Reserve
5	Catarina Costa Marques	University of Aveiro (UA)/Centre for Environmental and Marine Studies (CESAM) and KTH Royal Institute of Technology	Biofuel production through catalytic pyrolysis of Acacia Longifolia	4,7	Reserve
6	Sina Ataee	University of Aveiro/ Centre for Environmental and Marine Studies (CESAM) and The National Research Centre for the Working Environment (NFA/NRCWE)	Evaluation of Low-Cost Sensors applicability for enhanced particle pollution management and risk mitigation in working environments	4,4	Reserve
7	Cristina Demelas	NOVA University of Lisbon and Linköping University	Role of lysosome exocytosis in melanoma aggressivness	3,9	Reserve
